

## **Declaration of incorporation as defined by the Machinery Directive 2006/42/EC Annex II 1B**

### ***Manufacturer:***

CNC-STEP e.K.  
Siemensstrasse 13-15  
47608 Geldern  
Deutschland

### ***Authorised representative***

For the compiling of the special technical documentation:

Frank Hylewicz, Owner CNC-STEP e.K.  
Siemensstrasse 13-15  
47608 Geldern  
Deutschland

### ***Product***

CNC-milling machine  
portal milling machine RaptorX-SL \_\_\_\_\_/S\_\_\_\_\_

Serial number: 22-\_\_\_\_\_

The manufacturer declares that the product specified above is an incomplete machine in the sense of the machinery directive. The product is only intended for the incorporation into a machine or incomplete machine and, therefore, does not conform with all requirements of the machinery directive.

A list of the basic requirements of the machinery directive which have been applied and adhered to for this product can be found in the appendix of this declaration.

The special technical documentation was created in accordance with Annex VII part B. The authorised representative specified above is obligated to submit the special documentation for the product to the authorities of the individual member state on substantiated request. The submission takes place by post in paper form or on an electronic data carrier.

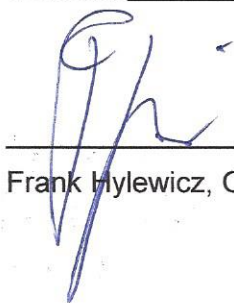

The commissioning of the product is prohibited until it has been determined that the machine in which the product specified above is integrated conforms with all basic requirements of the machinery directive.

The product specified above fulfils the requirements of the following applicable directives:

2006/95/EG (low voltage directive)

2004/108/EG (directive about electromagnetical compatibility)
